## Product Usage Guide

- Touch Sensor
- Indicator Light
- L
- R

### Manual ON/OFF:

Manual ON: Long press touch sensor for two (2) seconds Alternate flashing orange & green indicator light.
*Make sure earphones are fully charged before using them for the first time.

Manual OFF: Long press touch sensor for four (4) seconds Orange indicator light lights up and extinguishes.
*AT-X80A automatically powers off after 5 minutes of disconnection.

### Music Control:

Play/Pause:       Click touch sensor once (1)
Next Song:        Click touch sensor twice (2)
Previous Song:   Click touch sensor thrice (3)
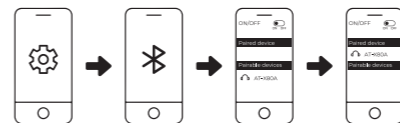

### Call Control:

Answer/Hang Up:  Click touch sensor once (1)
Reject Call:            Long press touch sensor for one and a half (1.5) seconds

### Voice Assistant:

Activate Voice Assistant:  Long press touch sensor for one and a half (1.5) seconds

## Connecting the Product

1. Turn on Bluetooth (BT) on your mobile device
2. Turn on Earbuds (Flipping open charging case will power up earbuds)
3. Search and connect to "AT-X80A" from your mobile device

### Troubleshooting

L side earbud cannot be linked with R side earbud

Solution: Place earbuds back into charging case and close the case. Re-open the lid after a few seconds. The earbuds would now be linked to each other & ready to be connected to your mobile device.

Only one (1) side earbud can be linked to your device

Solution: Ensure both earbuds are ON and disconnected from any devices. Click both touch sensors four (4) times, then place earbuds back into charging case. AT-X80A will be ready to connect once you remove them from the charging case.

## Battery & Charging

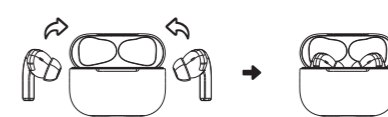

Charging Earbuds (Place them back into charging case):

Charging:*Orange Indicator Light*

Full Charge:*Extinguished Indicator Light*

Approximate charging time: 1.5 Hours

Charging the Portable Charging Case
(Plug in USB - C Charging Cable):
